

Belle Vue House is a purpose-built two-storey care home of traditional brick build and tiled roof construction. It is situated in the Heaton suburb of Newcastle-Upon-Tyne. The home is well located with ease of access to the nearby Chillingham Road and it's variety of public amenities including shops, cafeterias, Schools, Public Houses, Parks, Churches and regular transport services. Every room in Belle Vue is single with en-suite facilities, and is divided into small homely units, with emphasis on individual care. Only a very high calibre of staff is employed with a commitment to ongoing training and the majority of staff has achieved NVO qualifications. Our House Keepers pay particular attention to Health and Hygiene of all residents at Belle Vue. Our qualified Chefs provide a varied and exciting menu to incorporate choice and special preferences. We put a lot of emphasis on the social side of our residents lives and we provide an activities programme which will take into consideration all of our residents views and choices.

Belle Vue - Heaton

Belle Vue has 49 single rooms all with en-suite facilities. Assisted baths are available for residents and there is a nurse call system in every room.

We have five homely lounges to enable the residents to join in social activities or relax.

A passenger lift aids transport between the floors and the home has full disabled access.

A qualified chef provides a range of daily and seasonal choices; a sample menu is available from the home.

An Activities Coordinator is employed to ensure residents time is spent in pursuing their own interests.

Television is available in the communal areas with large screens.

We have a wireless internet available.

"We do appreciate the extent of care given to our mother and the ease in which we can approach both management and staff should we have any particular concerns and, in this regard, we thank you."
